

ABOUT US

IndoAsian, an Indian-origin brand **established in 1958**, has been a pioneer in electrical safety and innovation, trusted for delivering reliable, high quality solutions that empower homes, businesses, and communities.

With industry leading milestones such as introducing **6kA MCBs and RCCBs in India**, the brand has consistently set new standards in protection and performance. Its association with Group Legrand India further strengthened its innovation capabilities and expanded its reach, allowing IndoAsian to offer world class electrical and digital infrastructure.

Guided by the motto “**Enriching quality of life by ensuring safe, efficient and convenient use of electricity,**” the brand continues to uphold strong values, customer first innovation, and ethical, sustainable practices focused on **renewable energy and reducing environmental impact.**

Add a touch of shine to your life

Shynora provides modular wiring device range blending elegant design with functionality for homes and commercial spaces.

Scan to know more about the product

Features

- Switches tested for up to 1 lakh on/off operations along with safety shuttered sockets
- Complete range of electronics, hospitality solutions and fast USB charging options (Type C 20W PD)
- High grade flame retardant polycarbonate material with laser etched markings
- Ranges tested for best-in-class quality with ISI, CRS & RoHS certification

Benefits

- Delivers long term value through high cycle durability testing
- Stylish design enhancing living spaces aesthetically
- Modular design offering flexibility & durability
- Assured quality with safety compliance and dependable performance

about the product

Shynora USB Chargers deliver fast, safe charging with new Type C PD (20W) along with Type A+C options with CRS certified and RoHS compliant.

Features

- Type C PD 20W fast charging along with Type A+C(15W) charging option
- CRS certified with RoHS compliance
- Dual port option Type A+C(15W) and Type A+A(15W) USB charging option

Benefits

- Reduces cable clutter with versatile Type A/C/A+C port options
- Ensures fast charging to maintain continuous operation
- Matches Shynora aesthetics in white/cool grey mechanisms

Glint is a wiring device range designed to suit everyday interiors suitable for residential and commercial applications.

Features

- Switches tested for up to 1 lakh on/off operations along with safety shuttered sockets
- Modular design for quick assembly with heat resistant body for enhanced safety
- ISI and RoHS Certified

Benefits

- An economical modular system built for diverse applications
- Easy installation & low maintenance
- Ensures safe operation and long product life

Doorsta doorbells are designed for clear sound. Built with high quality components, they provide dependable performance for residential and commercial spaces.

Features

- Made in India - BIS & RoHS compliant doorbell build for environmental safe usage
- Over current protection for consistent performance; works on 240 V AC
- Clear and audible chime for easy notification

Benefits

- Enhances safety for your home with stylish design
- Easy installation and operation
- Reliable performance for everyday use

Zosta exhaust and axial fans are designed for efficient ventilation & quiet operation ensuring calm and comfortable environment.

Features

- Aerodynamic blade design for high air delivery and efficient airflow
- Powerful copper motor for better current carrying capacity and longer life
- RoHS compliant construction
- Silent operation

Benefits

- Improves air quality by quickly removing smoke, fumes and odours
- Long lasting durability with rust free plastic body
- Offers hassle free installation & maintenance

BULB HOLDER & CEILING ROSE

Bright ideas for
happy & safe living

Scan to know more
about the product

Bulb Holders are designed to provide a secure connection point for ceiling mounted lighting fixtures. Crafted from tough and lightweight material, it ensures durability while maintaining an attractive finish.

Features

- Long lasting polycarbonate plastic
- Ducts for heat dissipation
- Metal ring prevents deformation from overheating
- ISI certified bulb holders. All products are RoHS compliant

Benefits

- Ensures safe electrical connections for ceiling light fixtures
- Enhances aesthetics through glossy, dust resistant white finish
- Quick and easy installation

BULB HOLDER & CEILING ROSE

Fancy Batten Bulb Holder / Ceiling Rose

• Dynamic Design • Metal Ring Avoids Deformation

Caretron ensures complete safety for your home by protecting against electrical faults. Designed for modern homes, it delivers reliable and worry-free power every day.

Features

- ISI / CE certified as per IS/IEC 60898-1 standards
- Bi-connect terminals for cable / busbar connection with positive isolation
- 6kA breaking capacity with IP 20 degree of Protection

Benefits

- Enhances electrical safety by preventing damage from overloads and short circuits
- Ensures reliable electrical performance by disconnecting faulty circuits
- Hassle-free maintenance & long-term reliability

Caretron™

Caretron Miniature Circuit Breaker

- ISI / CE Marked as per IS/IEC 60898 -1 • Degree of Protection IP 20 • Bi-Connect Terminals • 25 sq. mm Terminals

about the product

Optipro MCBs are designed to provide protection for circuits in residential, commercial & industrial installations. These ranges safeguard electrical systems from overloads and short circuits.

Features

- Designed to perform in extreme conditions
- Visual status window (Red-ON/Green-OFF) for contact position
- Bi connect terminal with large terminal size

Benefits

- Protects against Overload and Short Circuit
- Simple clip-on mechanism that allows for quick and easy installation
- IP 20 degree protection ensures no live parts are exposed

—optipro™—

Miniature Circuit Breaker - MCB

- Conforms to IS/IEC 60898 • Short-Circuit Breaking Capacity 10kA • Line Load Reversibility • 35 sq. mm Terminals
- Biconnect Terminals • Frequency: 50 Hz • Clear Visual Indication of Contact Position

Caretron+ Distribution Boards are designed for superior safety, durability, and modern aesthetics. A perfect blend of performance and design for residential and commercial spaces.

Features

- Degree of Protection: IP 30 & IP 42
- Enhanced safety: Door earthing, Option for shrouding neutral links
- Wide range with SPN/TPN/VTPN/Phase Selector DBs
- Easy installation: insertion marks, key holes, ample wiring space

Benefits

- Fast, hassle-free installation and easy maintenance with ample space and clear circuit labels
- Enhances the visual appeal of interiors with a sleek and modern distribution board design
- Long service life with enhanced durability and corrosion resistance

Caretron™ +

CARETRON+ Distribution Boards

- Innovative Design with Minimal Wall Projection • Degree of Protection IP 30 and IP42 • Mechanical Impact Strength IK 08 • Suitable for Surface and Flush Mounting • Detachable Gland Plate • Box Insertion Marks
- Attractive White Shade (RAL 9010) Matt Finish • Circuit Identification Label

Ensuring reliable performance at high ambient & humid environments

Scan to know more about the product

Optium MCCBs represent advanced MCCB technology, delivering intelligent protection, robust performance, and a wide range of options for complex electrical infrastructure, ensuring adaptability, safety, and durability.

Features

- Delivers breaking capacities ranging from 10kA – 50kA
- Wide range from 16A – 250A in compact frames and up to 1250A in larger frames
- Multiple series of ranges with fine-tunable protection settings

Benefits

- Offers reliable protection against overloads, short circuits, and ground faults across a wide performance range
- Flexibility in system design using adjustable settings and multiple frames
- Improved uptime and easier maintenance through long mechanical/electrical endurance

Switch on to a reliable partner

Scan to know more about the product

Optinova provides low-voltage switch disconnectors and transfer switching solutions for safe circuit isolation and reliable power changeover in buildings, industries, and infrastructure.

Features

- Clear indication of mechanism with rotary handles and a padlock for safety
- IP20 protected internal mechanism with DIN-rail or plate mounting options
- High short-time withstand capacity (Icw) and ratings up to 320 A

Benefits

- Simplifies installation & maintenance with compact form factor & snap-fit auxiliaries
- Ensures safe isolation and source changeover, reducing risk of accidents
- Delivers high reliability & uptime through robust design & high short-time withstand ratings
