

Shynora BLDC Fan Regulator

Efficient Speed Control for BLDC Ceiling Fans

Designed for precise, smooth speed control of compatible non-remote BLDC ceiling fans, with a modular design that integrates seamlessly with Shynora switch range.

Available in 2 colour mechanisms

White | Cool Grey

Why It Matters

BLDC fans are designed for energy-efficient performance and smooth operation. Getting the right speed control requires a regulator designed specifically for BLDC technology. IndoAsian's Shynora BLDC fan regulator delivers precise, stable speed control for compatible non-remote BLDC ceiling fans.

KEY FEATURES

Built for BLDC Fans (Non-remote)*

*Compatible with Atomberg (Efficio), Havells (Efficiencia Neo), and Orient (Aerostorm) as per 2023 fan models.

Smooth & Precise Control

Seamless Modular Design

5-Step Speed Control

BENEFITS

Delivers high energy efficiency

Complements modern interiors with refined design

Provides effortless and efficient speed control for enhanced comfort

Available with Shynora range
